	about East and Southeast Asian
Your sleeping routine (what time you normally wake up and sleep)	I'm early bird. Trying to have a schedule like going to sleep at 10pm and wake up at 7-8 am. But often I go beyond it, because life 😆
How do you describe your personality?	I'm really funny, sincere and kind person. Also I'm really sensitive and feeling emotions intensely. If I'm laughing, I'm gonna laugh even from finger. If I'm sad, I will be really sad. I'm curious about world. I try to be a good person, because recently I understand that even if people do shit to me, I want to stay a good and kind person anyway. Because first of all that's important for me. I'm feminist and have strong opinions 😉 I question traditions and I hate when someone tell me what to do or criticize me or rude to me.
Your merits and flaws	Positive: kind, sensitive, open, extroverted, to be real, curious, for me my principals, dignity and kindness much more important than something materialistic, so in most cases I will choose internal values than external. Because when you betray yourself, you will lose everything. What I'm working on: if I'm sensitive, I'm sensitive in everything happiness, curiosity, sadness or anger. So sometimes i can be depressed or feeling intense emotions with which I would need emotional support or help. It's difficult for me to trust people, because I'm afraid they gonna leave me, and telling about that here it's already step into trusting, because now you know this information 🙃
Your love language (physical touch, share time, gifts, compliments, or other)	Share time, gifts, compliments, i love surprises! I like when person is curious about me and remember a lot of details about me. Honesty, kindness 😊 Hugssss
Diet Type (vegan, vegetarian or mix. What kind of food do you like? What you don't eat?)	I eat everything, I tried to be vegan but due to health reasons I think I won't do it again. I HATE ONIONS. Brah. Hate it. Fresh, fried, baked, dried, with sauce, green. HATE ABSOLUTELY ANY STATE. 🤢 I don't like pig, for me it smells like shit 💩 I can it something spicy just to try, but not too much. I love pizza, lasagna, sushi. Actually I like Asian food:) I LOVE UKRAINIAN BENDERYKY!!!! THE BEST SHIT EVER!!!!!!
Do you want to get married soon? if so, how soon you can get	I don't have a goal just to get married. I will look on person and then I will feel what I want. The only exception if with marriage I'm gonna get PRP haha 😜 But of course I will think about EVERYTHING to make such decision
What's your opinion about having children?	That's really serious and responsible decision. I'm not planning do it right now. Maybe I'm childfree. I don't know. But you need to be ready for that mentally, psychological, physically, financially and all other stuff. You should give the best to your child and you need to prepare accordingly. And I considering more of adopting child than giving a birth, because I don't want to rip my body. And i would like to have daughter 💘 But that's in case I would want children. Right now for sure not.

Your idea about marriage life (family role, financial contribution, etc.)	Hm, I don't like traditional roles like “women need to be at kitchen”. I don't know. But for sure I won't clean or cook all the time, I like when man do all of this 😋 I like when man pays for everything:) I think for marriage it's really far, so we would have time to discuss it
In the future do you want to live in China or elsewhere	I don't know where i want to live, right now i want to try to live in different countries to try where I like the most
